# Environmental Justice Workgroup Application Information

## Some benefits of your participation:

This is a great opportunity for collaborative people that care about making a difference for their community and the environment.

- Contribute to government climate initiatives and shape meaningful change.
- Engage with your community and expand your network
- Participant benefit of \$150 per meeting and training opportunities

## Desired qualities of Workgroup members:

Members can bring lived or learned experiences with environmental injustices, extensive community networks, and/or expertise in climate change, sustainability, or social and environmental justice..

Members must live in San Diego region and meet at least one of the following criteria for a diversity of perspectives and experiences:

- Residents with lived experience of environmental injustices
- Local Tribal members
- Youth between the ages of 16-24
- Organizational leaders from health, social, economic, or environmental fields that focus on equity
- Academics or researchers with expertise in addressing the underlying causes of health, social, economic, or environmental disparities in unjustly impacted communities
- Other self-identified characteristics will be considered to strengthen representation particularly for groups often marginalized or under-represented in public participation processes (i.e., people who identify as BIPOC, LGBTQ+, youth, immigrants and refugees, unhoused, low-income, or live in an unincorporated or rural area)

The Environmental Justice Workgroup is an initiative of the County of San Diego Office of Sustainability and Environmental Justice.
